

Expand XL - Monitor Stand

REFERENCE GUIDE

Accessories: Laptop shelf

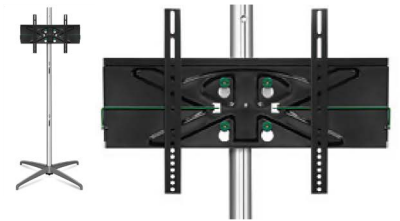

BASE

The extra stable base collapses for easy transport and storage. When ready for set-up, simply flip the base upside down and fold out the legs.

MONITOR MOUNT

Monitors are mounted using the universal VESA standard 200 x 200 up to 400 600.

Expand your exhibit with additional display accessories and features

Expand MonitorStand XL is an extra-large stand for monitors & flat screens up to 92 lbs. or 60 in. It can be used freestanding or integrated into our Expand MediaWall, Expand MediaWall XL and Expand LinkWall. When the monitor stand is used with these products, the panel is cut to fit the foot and monitor mount. The pole has a channel where you can easily hide the cables and wires. The stand is very stable and is delivered in a bag. It weights only 37 lbs. Monitor is not included.
